

About Us

Continuing Education Group is a multimedia online learning environment built with the demanding schedules and needs of 21st century insurance professionals in mind. Each individual course merits substantial continuing education credits, and leads to professional designations awarded by the renowned Insurance Institute of America.

Incorporating the *Best of Both Worlds* of instruction, CEG provides the familiarity and support of traditional, personal instructor-led class sessions via weekly meetings with the freedom and accessibility of asynchronous online components.

The concerted efforts of the founders have developed an online environment that takes the traditional classroom learning to the next level through:

- **Convenience** —The courses *Blend The Best* of once/week instructor-led classes with innovative asynchronous course components.
- **Rapid Response & Feedback** — Office hours are round-the-clock for all of the CEG courses. With just a click, you can have a reply in no more than 12 hours.
- **Focus is on the Student** — Interactivity is enhanced through the blend of traditional instruction and Internet technology. Forums, assignments, and frequent quizzes assure the participants' *Consistent and Efficient Progress* through the course material.
- **Small Groups** — Class sizes are *Limited* to 10 students. All course participants progress through individual courses together and participate in online discussions and other learning activities.
- **Networking** — Through *Close Interaction* with faculty and fellow students, you can develop a considerable network of professional contacts.
